Attaching the re-formatted version with the new 'roadmap' - thank you Charlotte!!! If you have any comments, please send my way – would like to send to our corporate partners by **October 15th**. (I had mentioned a 30-day window for sending them the new version).

As we mentioned today – October/November we will schedule conference calls with the corporate partners, LEAN, CPRC and M. Lythcott, as well as send a mail-out to the folks on our mailing list. And also touch base with Dr. Joiner at LSU-A to discuss the roll-out of the Health Survey. M. Burns was also interested in touching base with city officials – may do a conference call with the city officials as well (M. Lythcott was also reaching out to those folks).

First week of December is targeted for the next Scoping Session (2) – classroom-style format maybe at the Central LA Business Incubator <http://www.clbi.org/>
The second day will be the meeting for potential CSN members –

Thanks everyone!
Nancy

Subject: Latest version of the Alex/Pineville Action Plan

Hello everyone!

Here is an attempt to clarify issues with the Action Plan. Changes made include separating the rows in the table to show more clearly the Participant - the Resource needed/used and the corresponding action. This should address the industry concerns as stated in our meeting of 9/17.

Please feel free to review/comment - Charlotte - formatting? yikes, I had some issues -
thanks,
Nancy
